PNEUMATIC TOOLS & ACCESSORIES

www.green-air.com

ISO 9001:2000

COMPANY PROFILE

Green Power Hardware Tools Group is one of the largest professional manufacturer and exporter of Pneumatic Tools and Accessories in China. Established by Taiwanese investors in 1992, we can look back on more than 30 years of professional manufacturing and sales experience with clients and connections worldwide.

The main manufacturing facility is located in Fuzhou, Fujian, with over 400 current employees. The facility covers an area of more than 70,000 square meters, with a construction area of over 35,000 square meters. There is an additional manufacturing and trading subsidiary in Shanghai, as well as Tainan Taiwan under Green Power Hardware Tools Group.

Green Power Hardware Tools Group has been devoting itself to supplying the most reliable and consistent quality of Pneumatic Products to customers both domestically and internationally. Our main product category includes Pneumatic Tools, Paint Spray Guns, Air Hoses & Hose Reels, and a wide range of Air Accessories. The total turnover of the company in 2012 was over forty million US dollars.

The company enjoys an excellent reputation on engineering innovation, top-level management standardization as well as start to finish quality control. The company and its products have passed the approval of **ISO9001** quality system, the **GS**, **CE**, product patents, and many other international quality certifications.

Our registered brand names "**GREEN**", "**FAN**" and "**GREEN POWER**" have become the most popular and leading brands in domestic markets.

HP-308/315

Retractable Air Hose Reel

HR-808 HR2-309 HR2-815 HR3-315

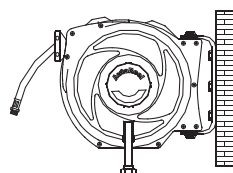

- Half enclosed design version
- Compact case design suited to work bench applications
- Automatic hose reel. Ratchet or free-running operation
- High quality special PP material durable construction, lightweight and corrosion resistant design
- Supplied with wall/ceiling mounting brackets
- Supply PU, PVC Hose

Retractable Air Hose Reel

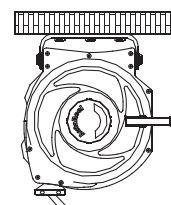

HR4-315 HR5-315 HR5-309

- Enclosed design version
- Compact case design suited to work bench applications
- Automatic hose reel. Ratchet or free-running operation
- High quality special PP material durable construction, lightweight and corrosion resistant design
- Supplied with wall/ceiling mounting brackets
- Supply PU, PVC Hose

Mounted Form:

Wall

Ceiling

Retractable Air Hose Reel

HP-315 HP-308

- Retractable design allows automatic rewind of air hose
- Durable composite drum with firm steel side support mounting bracket provides durability
- Guide adjusts to 45 degrees enabling easy use when mounted to bench or wall
- Hose guide uses a 4-roller design to help reduce hose wear
- Mounts easily to workbench or wall

Specifications:

Retractable Metal Air Hose Reel

HA-4015 HA-4615 HL-4015 HL-4615S

- Retractable design allows automatic rewind of air hose
- Heavy duty reinforced steel construction with paint coating
- Strong reel supported on both/single side by pedestal style base and arm guide
- Four roller non-snap hose guides reduce wear
- Spring protector keeps hose against damage when pulled and stretched
- Mounts easily to workbench or wall

HL-4015/4615

HA-4015/4615

Manual Air Hose Reel HD-220

- Open version. Max. capacity 1/4"x100ft. hose
- Durable composite drum on electroplate aluminum stand
- Model feature drum brakes to promote a safe tidy working environment
- Can be used mobile or permanently installed

HD-220

Manual Air Hose Reel

HV-315 HV-215 HC-215

- Open version. Max. capacity 3/8"x100ft. hose
- Heavy duty reinforced steel construction with paint coating.
- Swivel style handle pivots in hand for winding ease.
- Bend restrictor prolongs the life of the air hose
- Mounting bracket-Mount reel to wall, workbench or vehicle with ease.
- Heavy duty 1/4" brass swivel. Spring protector keeps hose against damage when pulled and stretched
- Easy access inlet connection
- Mounting Style: Wall mount, Bench mount, Truck mount

HV-215/315

HC-215

Manual Air Hose Reel HU-330

- Open version. Max. capacity 3/8"x200ft. hose
- Heavy duty reinforced steel construction with paint coating.
- Swivel style handle pivots in hand for winding ease.
- Bend restrictor prolongs the life of the air hose
- Mounting bracket-Mount reel to wall, workbench or vehicle with ease.
- Heavy duty 1/4" brass swivel.
- Spring protector keeps hose against damage when pulled and stretched
- Easy access inlet connection
- Mounting Style: Wall mount, Bench mount, Truck mount

HU-330

Flexible Rubber/PVC Hybrid Air Hose

- Kink resistant under pressure
- Extreme all-weather flexibility, even in sub-zero temperatures (-10°F to 150°F)
- Maximum working pressure: 300 PSI
- Excellent abrasion-resistant outer cover; includes bend restrictor that reduces wear and tear, prolonging the life of the hose
- Size available: 1/4", 3/8", 1/2"; One-piece length 25, 50, 100ft available, etc.
- Assembly with fittings is available

PU Braided Air Hose

- Very lightweight and flexible
- Good flex feature and resilience characteristics
- Excellent resistance to oils and solvents
- Superior cut-resistance
- High abrasion-resistance, provides extra long life compared with conventional PVC or rubber air hose
- Good resistance to hydrolysis and algae in warm water applications
- Size available: 1/4", 5/16", 3/8", 1/2", etc.
- 200 or 250PSI working pressure, 3:1 Safety rate
- One-piece length 25, 50, 100ft. available, assembly with fittings is available
- Service temperature range from -30°F to 130°F

PVC Air Hose

- Economical, light weight, Low temperature alternative to rubber hose
- Excellent abrasion resistance
- 250 or 300PSI working pressure, 4:1 Safety rate
- Service Temperature Range: 0°F to 130°F
- Size available: 1/4", 3/8", 1/2"; One-piece length 25, 50, 100ft available, etc.
- Assembly with fittings is available

Rubber Air Hose

- Wide range service in general industrial services, automobiles shop, pneumatic tools, etc.
- Oil & Abrasion resistant
- Extended life over PVC, superior durability
- Increased flexibility in cold temperatures
- 300PSI working pressure, 3:1 Safety rate
- Service Temperature Range: -60°F to 150°F
- Size available: 3/8", 1/2"; One-piece length 25, 50, 100ft. available, etc.
- Assembly with fittings is available

1/4" Nylon/PU Recoil Air Hose

- The self storing air hose snaps back into shape just like a telephone cord
- Comes with end fittings and spring guards to prevent restricted air flow
- 200 PSI working pressure

General Purpose Spray Gun**PQ-01**

- Easily changes from siphon to pressure-feed with the twist of a knob for use with a variety of materials
- Pattern control adjusts fan size for better results
- Convertible from non-bleeder to bleeder style for use with standard or tankless air compressors
- Works with paint tanks and remote canisters

PQ-01

Touch Up Spray Gun**PW-01**

- Provides full size pattern in a small package
- Nickel plated body provides easy clean-up
- Features both fluid and pattern controls
- Includes 200cc canister

PW-01

W-97

Siphon Feed Spray Gun**W-97**

- Superbly balanced spray gun suitable for applying finishing coats
- Pattern/Material/Air adjustment controls
- Includes 1,000cc anti-drip canister

HVLP Gravity Feed Spray Gun**W-98-V**

- High volume, low pressure design in high transfer efficiency to save paint up to 25%, reduce overshot and protect environment
- Perfect atomization used for auto and particle size
- Filter removes dirt particles from paint preventing defects
- Pattern/Material/Air adjustment controls
- 600cc plastic cup allows viewing of paint fluid level

W-98-V

W-98-G

Gravity Feed Spray Gun**W-98-G**

- Stainless fluid needle and nozzle are compatible with today's advanced coatings
- Perfect atomization used for auto and particle size.
- Filter removes dirt particles from paint preventing defects.
- Pattern/Material/Air adjustment controls.
- 600cc plastic cup allows viewing of paint fluid level

Air Texture Hopper Spray Gun**PT-03**

- Ideal for holding acoustic material textured paint/water-proof mat.
- Includes 1.25gal(U.S.) plastic cup

PT-03

W-71-G

W-71-S

Siphon/Gravity Feed Spray Gun

W-71-S W-71-G

- Mainly used for spray-painting medium and highly adhesive, surface such as car, furniture, machinery, etc.
- Pattern/Material/Air adjustment controls
- Includes 600cc paint canister(Model No. W-71-S); 400cc paint cup(Model No. W-71-G)

W-77-G

W-77-S

Siphon/Gravity Feed Spray Gun

W-77-S W-77-G

- Mainly used for spray-painting medium and highly adhesive, surface such as car, furniture, machinery, etc.
- Pattern/Material/Air adjustment controls
- Includes 1000cc paint canister(Model No. W-77-S); 400cc paint cup(Model No. W-77-G)

F-2

W-871

Mini Gravity Feed Spray Gun

F-2

- Mainly used for spray-painting drawing, toys and handicraft
- Pattern/Material adjustment controls
- Includes 200cc paint cup

Pressure Feed Spray Gun

W-871

- This gun is mainly used for interior or exterior walling painting, using high gloss paint
- Pattern/Material/ adjustment controls
- Includes 1,000cc pressure paint canister

29PC. Spray Gun Kit

SGK-29

- Ideal for Painting Furniture, T-Shirts and Craft Projects.
- CONTENTS:
1-Suction Feed Spray Gun with 26 oz. Cup, 1-Wrench, 8-Air Brush Kit, 1-1.5mm Needle, 1-1.5mm Air Cap, 1-1.5mm Fluid Tip, 10-Paper Paint Strainers, 3-Cleaning Brush
1-Plastic Handle Cleaning Brush, 1-Straight Wire Cleaner, 1-1/4" F NPT Industrial Plug
**CLAMSHELL PACKAGING Packing: 6pcs/6.0kg/7.0kg/10.55'

**1" Heavy-duty Air Impact Wrench F312-1380/1380S**

- Pin-less built-in mechanism
- At 3,200 ft.-lb. of torque, provides the power to remove and replace fasteners on truck, buses and heavy equipment
- Adjustable air regulator and speed control
- 8" anvil for extended reach into deep tire well
- 3" anvil available upon request (Model No. F312-1380S)
- Auxiliary handle for easy operation

F312-1380

F312-1380S

1" Heavy-duty Air Impact Wrench F312-1100

- Pin-less built-in mechanism
- At 2,500 ft.-lb. of torque, provides the power to remove and replace fasteners on truck, buses and heavy equipment
- Adjustable air regulator and speed control
- 8" anvil for extended reach into deep tire well
- Auxiliary handle for easy operation

F312-1100

1" Heavy-duty Air Impact Wrench F312-1690

- Pin-less built-in mechanism
- At 3,200 ft.-lb. of torque, provides the power to remove and replace fasteners on truck, buses and heavy equipment
- Adjustable air regulator and speed control
- 8" anvil for extended reach into deep tire well
- Auxiliary handle for easy operation

F312-1690

1" Heavy-duty Air Impact Wrench F312-1680

- Pin-less built-in mechanism
- At 3,000 ft.-lb. of torque, provides the power to remove and replace fasteners on truck, buses and heavy equipment
- Adjustable air regulator and speed control
- 8" anvil for extended reach into deep tire well
- Auxiliary handle for easy operation

F312-1680

1" Heavy-duty Air Impact Wrench F312-1580

- Pin-less built-in mechanism
- At 2,800 ft.-lb. of torque, provides the power to remove and replace fasteners on truck, buses and heavy equipment
- Adjustable air regulator and speed control
- 8" anvil for extended reach into deep tire well
- Auxiliary handle for easy operation

F312-1580

F312-24

F312-26

1/2" Air Impact Wrench

F312-24/26

- Rocking dog mechanism
- At 240 ft.-lb. of torque, provides power to remove most lug nuts
- Built-in power regulator to control speed and torque
- Single handed operation for forward and reverse direction changes
- Four position power settings

1/2" Heavy Duty Air Impact Wrench

F323-48/58

- Twin hammer mechanism
- At 480 ft.-lb. of torque, 8500 rpm free speed, provides power to remove most lug nuts
- In-handle exhaust directs air away from the operator
- One single switch that controls air flow adjustment and reversing exchange allows simpler and more convenient operation
- Three position power settings
- F323-58 Reinforced steel front housing for longer use life.

1/2" Heavy Duty Air Impact Wrench

F323-45

- Pin clutch mechanism
- At 450 ft.-lb. of torque, 8500 rpm free speed, provides power to remove most lug nuts
- In-handle exhaust directs air away from the operator
- One single switch that controls air flow adjustment and reversing exchange allows simpler and more convenient operation
- Three position power settings

1/2" Air Impact Wrench

F56

- Twin hammer mechanism
- Suitable for tyre setting work of light & passenger vehicle and used for wide range of applications at automotive maintenance shops and tyre shop
- Reinforced steel front housing for longer use life
- Five position power settings
- Professional quality

1/2" Heavy Duty Air Impact Wrench

F57/F86

- Twin hammer mechanism
- Suitable for tyre setting work of light & passenger vehicle and used for wide range of applications at automotive maintenance shops and tyre shop
- Reinforced steel front housing for longer use life
- Five position power settings
- Professional quality

Air Die Grinder**F313-324 F313-325**

- At 25,000 rpm, provides the speed to remove material quickly
- Complete with 1/4" or 6mm collet
- Built-in regulator to match speed to the job
- Front exhaust design for model #F313-324, Rear exhaust design for model #F313-325

**F313-324****Air Die Grinder****F313-326**

- At 22,000 rpm, provides the speed to remove material quickly
- Complete with 1/4" or 6mm collet
- Built-in regulator to match speed to the job
- Safety trigger prevents inadvertent operation
- Rear exhaust design

**F313-325****Air Angle Die Grinder****F313-323**

- Angle head provides easy access into tight space
- Ideal for grinding, edge-breaking, deburring, porting and polishing
- Built-in regulator to match speed to the job
- Safety trigger prevents inadvertent operation
- Rear exhaust design

**F313-326****Air Hammer****F319-115/119/250**

- Ideal for muffler and pipe removal, body shop work, shock work, scraping rust, and light front-end work
- Alloyed steel barrel and heat-treated piston for longer life
- Built in regulator to match speed to the job
- Adjustable air regulator and speed control
- Four round chisels-Include ripper, bolt cutter, flat and tapered punch chisels

**F319-323****Air Grease Gun****F327-11**

- Lubricates autos, recreational vehicles, machinery, lawn mowers and farm equipment
- Forces grease into fittings with far more power than manual gun
- Trigger-release design makes it easier to reach recessed or hard-to-get-at fittings
- Can be loaded three ways: 14 oz. cartridges, pressure filler or bulk load
- Optional 12" Flexible Steel or Nylon Extension Tube

**F319-115****F319-119****F319-250****Specifications:**

F327-11

F313-13

Micro Die Grinder

F313-13

- At 30,000 rpm, this tool provides the speed necessary to perform detail grinding tasks.
- Tool comes equipped with an 1/8" collet that is compatible with most grinding accessories.
- Tool is the same size as a pencil and can be held as so for ultimate control during etching and grinding projects

F313-330

Air Cut-off Tool

F313-330

- At 22,000 rpm, provides the speed to cut tailpipes quickly and efficiently.
- Suitable for cutting car panel thickness material. Ideal also for cutting exhaust brackets
- Fitted with metal safety guard and throttle lever safety device to prevent accidental operation
- Rear exhaust directs air away from workpiece
- Built-in regulator to match speed to the job

F318-131

3/8" Air Drill

F318-131

- Lightweight, compact size is easy to handle
- Suitable for drill metal, wood, aluminium, iron material
- Provides full power in forward and reverse
- Handle exhaust reduces noise and directs air away from work
- Ball bearing construction for long endurance

F318-151

Screwdriver

F318-151/152/153

- At 10,000 rpm and 40 ft-lbs of torque, can drive fasteners quickly and powerfully
- Removes and installs small fasteners in decks, lawn and garden and automotive applications
- Handle exhaust directs air away from the workpiece and operator
- Convenient forward/reverse valve
- Push To Start Type Chuck(F318-151) Quick Change Chuck(F318-152)
- 3/8" Hex. Drive(F318-153)

F318-152

F318-153

Air Ratchet Wrench

F320-23/24

- An excellent tool for small engine repair, water pumps, headlight service work, bench and dashboard work
- Compact head design allows greater flexibility in tight areas
- Easy to grip reverse lever for simple directional changes
- Hardened gears allow greater durability over other economically priced ratchets
- 3/8" square drive (F320-23), 1/2" square drive (F320-24)

3/8" Butterfly Impact Wrench

GR-8115

- 150 ft.-lb. of maximum torque
- Rocking dog mechanism
- Butterfly throttle lever allows for quick directional change
- New sleek housing design features air inlet with screen increases maneuverability and reduces air hose tangles

GR-8115

Siphon-Feed Sandblaster Set

PT-05

- Easily removes rust, scale and paint
- Draws abrasives from bucket or bag
- Includes sandblast gun, hose, pick-up tube
- Ceramic sandblast nozzle & air jet

*Packing: 20pcs/26.0kg/27.0kg/4.01'

Air Chiseler

GR-8630

- Ideal for automaive maintenance & sheet metal works,for abruption & cutting works
- Simple structure for less trouble
- Compact, light weight and high power

Air Needle Scaler

GR-8635

- Ideal for automaive maintenance & sheet metal works,for various abruption works
- High-speed, high-power & smooth operation
- Compact, light weight and high power

Continuous Flow Grease Gun

GR-68293

- This newly designed Grease Gun with ergonomic cushioned grip is great for maintaining trailers, boats, mowers, automobiles and RVs.
- Continuous flow while trigger is depressed
- Heavy-duty spring and exclusive piston design
- Uses 14-Ounce cartridge bulk filled or canister filled

13PC. Impact Wrench Kit

W1-13K

- Ideal For Working On Your Car
- Contents: 1-1/2" Impact Wrench; 3-1/2" Drive Impact Sockets(12, 14, 17mm); 1-1/2" Dr.3" Ext. Bar; 3-Male Plugs; 1-Teflon Tape; 1-Air Blow Gun; 1-Air Tool Oil; 1-Dual Foot Tire Gauge; 1-Air Chuck

*Packing: 10pcs/32.0kg/33.0kg/1.25'

17PC. Impact Wrench Kit

- Ideal For Working On Your Car
- Contents: 1-1/2" Impact Wrench; 10-Sockets: 9, 10, 11, 13, 14, 17, 19, 22, 24, 27mm; 1-5" Extension Bar; 1-Air Tool Oil; 1-Hex Wrench; 1-Male Plug; 1-Mini Oiler; 1-Blow Molded Case

*Packing: 6pcs/28.0kg/29.0kg/1.79'

Air Die Grinder Kit

F313-327/328/329

- Die Grinder plus 10 different shank-mounted stones for flexibility to meet different die grinding applications
 - Contents: 1-1/4" Air Die Grinder (Model No. F313-324/325/326);
5-1/4" Shank-mounted Stones; 5-1/8" Shank-mounted Stones;
1-1/8" Collet; 2-Open End Spanners; 1-Nipple; 1-Blow Molded Case
- *Packing: 10pcs/12.0kg/13.0kg/1.17'

F313-318

Micro Air Grinder Kit

F313-318

- Die Grinder plus 10 different shank-mounted stones for flexibility to meet different die grinding applications
 - Contents: 1- Micro Grinder with 1/8" collet; 8- Grinding Stone
2- Diamond Points; 3- Engraving Cutter; 10- Cut-Off Wheel
2- Sanding Disc; 1- 1/8" Screw Mandrel; 5- 3/8" Sanding Drum
1- 3/8" Sanding Band; 1- 1/2" Polishing Wheel; 1- Oiler
2- Oil Bottle; 2- Wrench; 1- 1/4" Female Plug; 1- Blow Molded Case
- *Packing: 10pcs/11.0kg/12.0kg/1.50'

F319-250K

Air Hammer Kit

F319-115K/119K/250K

- Ideal for muffler and pipe removal, body shop work, shock work, scraping rust, and light front-end work
 - Contents: 1-Air Hammer (Model No.: F319-115/119/250); 1-Quick Change Retainer;
4-Round Chisel; 1-Nipple; 1-Oiler; 1-Blow Molded Case
- *Packing: 10pcs/18.0kg/19.0kg/1.02'

F320-238

3/8" Ratchet Wrench Kit

F320-238

- A complete air ratchet set including 3/8" ratchet wrench, selection of sockets, extensions and driver bits. Supplied in tough storage case
 - Contents: 1-3/8" Ratchet Wrench; 4-1/2" Dr. Impact Socket (11, 12, 13, 14mm)
1-Swivel Hose Connector; 1-Male Coupler; 1-3/8" Dr. Screwdriver Bit
Holder; 1-3/8" To 1/2" Adaptor; 1-1/2" Dr. 3" Ext. Bar;
4-1/4" Hex. Screwdriver Bits; 1-Blow Molded Case
- *Packing: 10pcs/23.0kg/24.0kg/1.25'

**17 PC. Air Tool Kit****W2-17K**

Contents: 1-1/2" Impact Wrench; 1-1/2" Air Ratchet;
10-1/2" Drive Impact Socket(9,10,11,13,14,17,19,22,24,27mm);
1-Mini Oiler; 1-Hex Wrench; 1-Oil; 1-Plug; 1-Blow Molded Case
*Packing: 4pcs/20.0kg/21.0kg/1.26'

Contents: 1-1/2" Impact Wrench; 1-3/8" Ratchet Wrench; 1-Air Die Grinder; 1-Air Tire Gauge; 2-3/8" Impact Sockets; 6-1/2" Impact Sockets; 1-3/8" to 1/2" Adapter; 1-Air Blow Gun; 6-1/4" NPTM Plugs; 2-1/4" NPTF Plugs; 1-1/4" NPTF Coupler; 1-Teflon Tape; 1- Dual foot Tire Gauge; 1-Pocket Gauge; 1-Rubber Nozzle; 1-Safety Nozzle; 2-Sport Needle; 2-Tapered Nozzle; 1-Hex. Wrench; 1-Ball Foot Air Chuck; 2-1/4" to 1/4" NPTF Connector; 2-1/4" to 1/4" NPTM Connector; 1-Air Tool Oil; 1-1/8" Collet; 5-1/4" Shank Mounted Stones; 5-1/8" Shank Mounted Stones; 1-1/4" Sanding Drum; 1-1/2" Sanding Drum; 3-1/4" Sanding Paper; 3-1/2" Sanding Paper; 2-Open End Wrench; 1-Blow Molded Case

Mini Air Compressor**8C1-001B**

- Oil-less pump design for durability and no maintenance.
- Built-in automatic thermal overload protection.
- 1/8"PS outlet male connector.4mm x 6mm x 5m PU hose included.
- Built-in cooling window.Air fans in each side reduce operating temperature
- Four absorptive rubber feet make the operation more smoothly by reducing vibration
- Small volume and light weight for convenient carry. Low noise during operation, quick air flow, secure operation

*Packing: 6pcs/24.0kg/25.0kg/1.86'

8C1-001B

8C1-002-06B

8C1-002-06BK

Mini Air Compressor With 6L Tank**8C1-002-06B**

- Oil-less pump design for durability and no maintenance.
- Built-in automatic thermal overload protection.
- 1/4" NPT male outlet, 6L air tank
- Built-in cooling window.Air fans in each side reduce operating temperature
- Four absorptive rubber feet make the operation more smoothly by reducing vibration
- Small volume and light weight for convenient carry. Low noise during operation, quick air flow, secure operation

*Packing: 1pcs/8.1kg/9.0kg/1.07'

8C1-002-06BK assembled with truckle and handle bar grip for easy move and carrying

Provide air flow for operating mini and small type of air spray guns.

Supply air power for operating air nailer or stapler.

Designed for use in combination with air blow gun, air chuck, air duster, air recoil hose, etc.

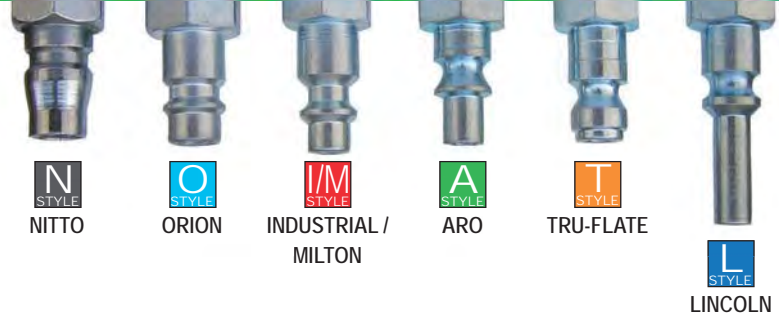

Tankless model is elaborately designed for operating air brush.

THE BASIC THREAD TYPES

THE BASIC PLUG TYPES

Different plug designs currently used in the automotive market. Interchangeability of pneumatic couplings is determined by plug design.

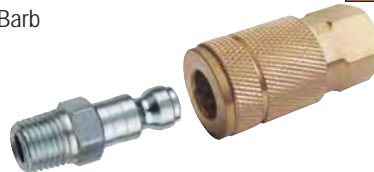

Industrial/Milton Style Couplers and Plugs

- Popular Body Size: 1/4", 3/8"
- Thread Type: Male, Female, Hose Barb
- Thread Size: 1/4"NPT, 3/8"NPT, 1/4"I.D. Hose Barb, 3/8"I.D. Hose Barb

Tru-Flate Style Couplers and Plugs

- Popular Body Size: 1/4", 3/8"
- Thread Type: Male, Female, Hose Barb
- Thread Size: 1/4"NPT, 3/8"NPT, 1/2"NPT, 1/4"I.D. Hose Barb, 3/8"I.D. Hose Barb

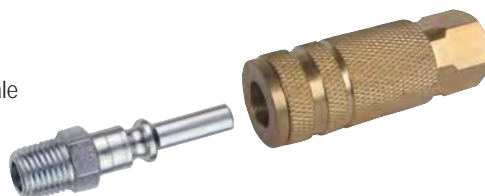

ARO Style Couplers and Plugs

- Popular Body Size: 1/4"
- Thread Type: Male, Female, Hose Barb
- Thread Size: 1/4"NPT, 1/4"I.D. Hose Barb

Lincoln Style Couplers and Plugs

- Popular Body Size: 1/4"
- Thread Type: Male, Female
- Thread Size: 1/4"NPT

Orion Style Couplers and Plugs

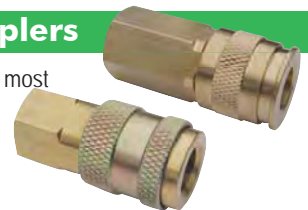

- Popular Body Size: 1/4"
- Thread Type: Male, Female, Hose Barb
- Thread Size: 1/4"NPT

Universal Couplers

one coupler fits the three most popular air line plugs. This coupler can be used with Tru-Flate, Industrial/Milton and Aro Design plugs. It eliminates confusion among designs. Quality, deluxe "push to connect" style makes coupling quick and easy. Heavy duty metal construction means longer life. Unique tubular valve construction allows greater air flow

- Popular Body Size: 1/4"
- Thread Type: Male, Female, Hose Barb
- Thread Size: 1/4"NPT, 3/8"NPT

one coupler fits the three most popular air line plugs. This coupler can be used with Tru-Flate, Industrial/Milton and Orion Design plugs. It eliminates confusion among designs. Quality, deluxe "push to connect" style makes coupling quick and easy.

- Popular Body Size: 1/4"
- Thread Type: Male, Female, Hose Barb
- Thread Size: 1/4"NPT, 3/8"NPT

Nitto Style Couplers and Plugs

- Popular Body Size: 1/4",
- Thread Type: Male, Female, Hose Barb, Lock-on Hose
- Thread Size: 1/4"NPT, 3/8"NPT, 1/2"NPT, 1/4" / 3/8" / 5/16" / 1/2"I.D. Hose Barb

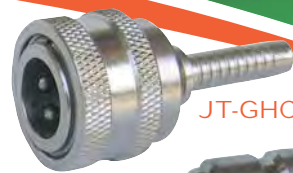

Nitto Style One Touch Couplers

Garden Hose Coupler / Plug Sets

- Constructed of heavy duty, corrosion resistant steel. Durable 8-ball locking mechanism and nitrile seals for secure, leak-free connection. Use on a variety of equipment for quick and easy connections without threading. Use anywhere water hoses are connected and disconnected frequently.
- 3/8" Body x 9/32" Hose Barb

JT-GHC-CH

JT-GHC-PH

High Pressure Water Hose Coupler / Plug Sets

- For quick and easy change out of pressure washer hoses, guns, and accessories
- Body Size: 1/4", 3/8"
- Thread Type: Male, Female
- Thread Size: 1/4"NPT, 3/8"NPT

JT-PWC-CF

JT-PWC-PF

Barb Type Hose Fittings**Male Hose End**

- 1/8" NPT Male x 1/4" Hose I.D.

Three-In-One Air Line Manifold

SMY-U

Supply three air tools from one source! Use on air hose end or as permanently fixed bench outlet. No need to disconnect/connect to use different tools. Three 1/4" NPT outlets and single 1/4" NPT inlet make this a useful shop or bench accessory.

Air Line Swivel Fittings

SW-003

Eliminates kinked and twisted air line hose by swiveling a full 360°. Use on air lines, tools, and compressor connections to increase flexibility and convenience.

Full Swivel Connector

Rubber sleeve protects against dust
Fit any style design coupler, female, male, hose.

Z-Swivel Connector

1/4"NPT F x 1/4"NPT M

SW-002

SW-002R

Z-Swivel Connector /Regulator

Fitted with air valve for extra control over speed of power tool
1/4"NPT F x 1/4"NPT M

SW-002G

Z-Swivel Connector /Pressure Gauge

Fitted with air valve for extra control over speed of power tool
0-140psi Air Pressure
1/4"NPT F x 1/4"NPT M

In-Line Tool Oiler

CG-2

A compact oiler that fastens directly to the air tool. Precisely meters proper amount of oil to the tool only when the tool is in use. No adjustments necessary. 1/4" male NPT outlet, 1/4" female NPT inlet. Use on all air impact guns, air wrenches, body shop air tools requiring 1/4" air lines.

*Packing: 100pcs/9.0kg/10.0kg/1.44'

In-Line Tool Filter

CW-2

A compact and extremely effective accessory for all air-operated shop tools and equipment, such as inflator gauges, impact wrenches, spray guns, airpowered sanders, etc. Protects them against rust, pipe scale and dirt.

1/4" female NPT inlet, 1/4" male NPT outlet
*Packing: 100pcs/9.0kg/10.0kg/2.37'

In-Line Air Flow Regulator

F420-125R F420-125M

- Controls in-line air pressure for paint spray guns or other pneumatic tools
- Helps keep air flow at exact operating pressures
- Use where precise air flow is desired
- Pressure Gauge 0-200 PSI

Mini Air Filters

F420-125A

- Removes unwanted dirt particles and condensed water to extend tool life
- 5 micron element provides maximum filtration
- Screw-on bowl with manual drain
- 21 SCFM flow capacity at 90 PSI
- 1/4" NPT(F) ports

Air Lubricator

F420-325B

- Oil mist lubricator fitted with feed control for fine control of oil/air mix.
- Die cast control head with clear polycarbonate bowl.
- 1/4" female NPT ports

*Packing: 20pcs/12.0kg/13.0kg/1.15'

Filter/Regulator With Gauge

F420-325A

- Commonly used for regulating and filtering air supply at workstation
- Polycarbonate bowl fitted with protective cage and automatic drain control
- Supplied with pressure gauge
- Pressure Range: 0-160psi
- 1/4" female NPT ports

*Packing: 20pcs/17.0kg/18.0kg/1.47'

**Clean Air System**

F420-325/335/345

- Industrial quality air control equipment suitable for high volume applications
- Regulator assembly features locking control knob for pre-setting air flow and large, easy to read pressure gauge
- Lubricator includes oil/air mix control and viewing chamber
- When no pressure, water can be drain.
- 1/4", 3/8", 1/2" female NPT ports

*Packing: 12pcs/18.0kg/19.0kg/1.52'

Lever Safety Blowgun

BG-8

- Compact design to fit in confined spaces
- Hang up hook for easy storage
- Accepts a variety of accessories
- 1/4" female NPT inlet

Standard Blowgun

BG-9

- Compact design to fit in confined spaces
- Hang up hook for easy storage
- Accepts a variety of accessories
- 1/4" female NPT inlet

Pistol Grip Blowgun

KS-25 KS-10

- Trigger controls airflow to gun tip
- 100mm or 250mm long nozzle reach into confined spaces to blow debris
- Comfortable, lightweight design
- 1/4" female NPT inlet

*Packing: 100pcs/17.0kg/18.0kg/3.03'

*Packing: 60pcs/14.0kg/15.0kg/2.48'

Mini Blowgun

BG-10

- Compact design to fit in confined spaces.
- Hang up hook for easy storage.
- Accepts a variety of accessories.
- Light weight engineered composite housing that makes your work easier and more enjoyable

Cleaning Gun

EG-6

- Cleans grease off engines
- 9" wand reaches hard-to-reach places
- Includes siphon pickup tube

*Packing: 50pcs/24.0kg/25.0kg/2.29'

Cleaning Gun

DG-10-EK

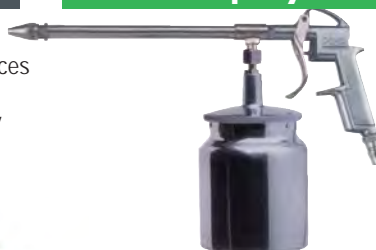

- Cleans grease off engines.
- 9" wand reaches hard-to-reach places
- Includes siphon pickup tube

*Packing: 50pcs/19.0kg/20.0kg/2.77'

Paraffin Spray Gun

DG-10-EC

- Cleans grease off engines
- 9" wand reaches hard-to-reach places
- Includes 600cc canister

*Packing: 20pcs/15.0kg/16.0kg/2.79'

Sandblaster Kit

PS-02

- Easily removes rust, scale and old paint
- Draws abrasives from bucket or bag
- Includes sandblast gun, hose, pick-up tube
- Ceramic sandblast nozzle & air jet

*Packing: 20pcs/17.0kg/18.0kg/2.30'

Heavy-Duty Series Blowgun

- Built for rugged applications
- Extra strong casting provides long service life
- Accepts a variety of accessories
- 1/4" Female NPT inlet and 1/8" NPT thread

BG-205L 4" Extension Tip Blow Gun

*Packing: 80pcs/17.0kg/18.0kg/1.08'

BG-205S Standard Safety Nozzle Blow Gun

*Packing: 95pcs/20.0kg/21.0kg/0.70'

BG-205A Angle Tip Blow Gun

*Packing: 12pcs/18.0kg/19.0kg/1.52'

BG-205B Booster Blow Gun

*Packing: 50pcs/16.0kg/17.0kg/0.88'

BG-205F Radiator Filler Blow Gun

*Packing: 50pcs/14.0kg/15.0kg/0.36'

BG-205R Rubber Tip Blow Gun

*Packing: 60pcs/15.5kg/17.0kg/1.36'

Pocket-Size Blowgun

- Compact design to fit in confined spaces
- Hang up hook for easy storage
- Accepts a variety of accessories
- 1/4" female NPT inlet

BG-101S 4" Nozzle Extension

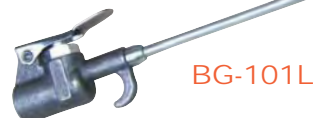

*Packing: 180pcs/19.0kg/20.0kg/3.88'

BG-101L 9-7/8" Nozzle Extension

*Packing: 125pcs/15.0kg/16.0kg/2.97'

BG-101S

BG-101L

Pistol-Grip Blowgun

BG-200

- Lightweight plastic pistol grip blowgun
 - Hang up hook for easy storage
 - Accepts a variety of accessories
 - 1/4" female NPT inlet
- *Packing: 40pcs/11.0kg/12.0kg/2.96'

10" Clip-On Blowgun

BG-139

- Chuck style
- Converts standard ball foot air chuck into a blowgun
- Convenient and easy to use

Star Tip Pistol Grip Blowgun

KS-10S

- Trigger controls airflow to gun tip
 - Star tip prevents dangerous pressure buildup and is very quiet
 - Brass inlet and valve
 - Comfortable, lightweight design
 - 1/4" female NPT inlet
- *Packing: 100pcs/8.0kg/9.0kg/1.15'

Siphon Spray Gun

BG-220

- Blows air/liquids
 - Excellent for cleaning engines
 - Complete with 8 feet plastic tubing
 - 1/4" female NPT inlet
- *Packing: 20pcs/16.0kg/17.0kg/1.80'

Tire Pressure Gauges

Pocket Tire Gauge

TG-2

- Use for passenger cars, vans and light trucks
- Calibrated 2 sides, 5-50psi in 1psi
- Nylon indicator bar
- *Packing: 240pcs/9.0kg/10.0kg/3.08'

Dual Foot Gauge

TG-6

- Ideal for dual wheels and other difficult to reach valves on pickups, recreational vehicles (RV), heavy trucks and off-road equipment
- Chrome plated brass with a die cast chuck
- Complete with handy hang-up hook
- Calibrated 10-150psi in 2 psi
- *Packing: 80pcs/16.0kg/17.0kg/1.95'

Straight-On Dual Foot Gauge

TG-7

- Designed for the difficult-to-reach inner dual
- Straight-On chuck for inside wheel and 30° reverse angle for outside wheel
- Calibrated 10-150psi in 2 psi
- *Packing: 80pcs/16.0kg/17.0kg/1.95'

Air Chucks

Dual Foot Chuck

TC-1

- Extended chuck for hard-to-reach valves on tractors, trucks or buses
- Angled head can inflate either side
- 1/4" Female NPT inlet

Straight-On Dual Foot Chuck

TC-6

- Extended chuck for hard-to-reach valves on tractors, trucks or buses
- Straight-on chuck for inside wheel and 30° reverse angle for outside wheel
- 1/4" Female NPT Inlet

9" Dual Foot Chuck

TC-6L

- Extended chuck for hard-to-reach valves on tractors, trucks or buses
- Straight-on chuck for inside wheel and 30° reverse angle for outside wheel
- Rubber grip handle provides comfort during use
- 1/4" Female NPT Inlet

Dual Foot Chuck

AT-10

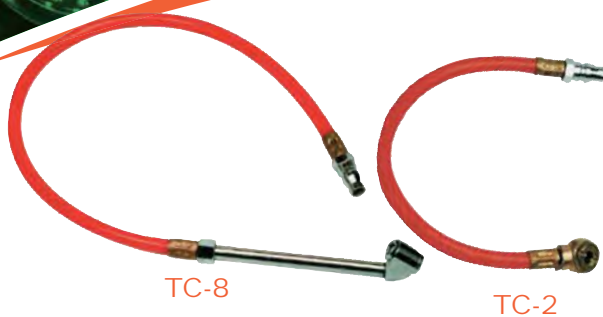

- Extended chuck for high pressure tires on bicycles, motorcycles, mini-bikes, scooters and other cycles
- Vertical head can inflate either side
- 1/4" Female NPT Inlet

Pistol Style Tire Inflator with Gauge

TG-3

- Inflation gun, chuck, and gauge are all combined in one easy to use unit
- Clip on design enables hands-free chuck use
- Built-in relief valve for reducing pressure in over-inflated tires
- Includes flexible hose for easier use
- Calibrated 10-140psi in 2psi, 1-10kg/cm² in 0.2kg/cm², 0-100kpa in 20kpa, 1-10bar in 0.2bar gauge
- *Packing: 50pcs/19.0kg/20.0kg/3.15'

Highly Accurate Dial Inflator Gauge

TG-135D

- Chrome plated castings with Protective rubber gauge boot
- Built-in relief valve for reducing pressure in over-inflated tires
- Includes 12" rubber hose
- Thread Size: 1/4" Female NPT

TG-135D Dual Foot Chuck Inflator

- Calibrated 10-140psi in 2psi, 1-10kg/cm² in 0.2kg/cm², 100-100kpa in 20kpa, 1-10bar in 0.2bar gauge
- *Packing: 30pcs/16.2kg/17.0kg/1.26'

TG-135DS 12" Dual foot Straight on chuck

- Calibrated 0-160 PSI gauge, calibrated in 2 PSI increments and 0-1100 kPa gauge, calibrated in 20 kPa increments
- *Packing: 25pcs/18.0kg/19.0kg/2.64'

Heavy Duty Inflator Gauge

- Use on motor homes and other vehicles with smaller dual wheels
- 10-120 PSI gauge, calibrated in 2 PSI increments
- Built-in relief valve to reduce pressure in over inflated tires and to zero gauge
- Includes 12" rubber hose
- Thread Size: 1/4" Female NPT

TG-101D Dual Foot Chuck Inflator

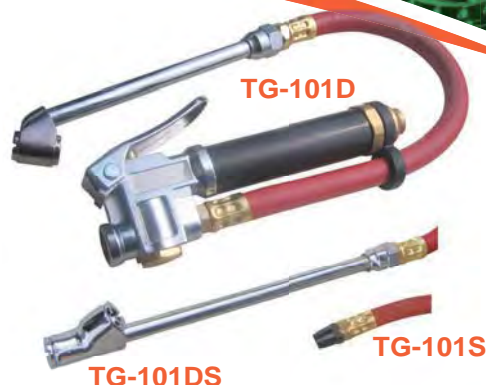

*Packing: 30pcs/16.5kg/17.5kg/1.07'

TG-101DS Dual Foot Straight Chuck Inflator

*Packing: 30pcs/18.0kg/19.0kg/0.87'
